

CSE7000 - INTERNSHIP

A Presentation on

AI GPU Summer Internship Program (Summer 2026)

Student Details	
Name	JYOTHI TIPPPANNA ANGADI
Roll No	20241CSE1027
Section	5CSE12

Under the Supervision of,

Ms.Priyanka Niranjana Savadekar

Professor / Associate Professor / Assistant Professor

Presidency School of Computer Science and Engineering

Presidency University

Name of the Program: B.Tech – Computer Science and Engineering (CSE)

Name of the HoD: Dr.Asif Mohamed

Name of the Program Internship Coordinator: Dr.R.Balakrishnan

Name of the School Internship Coordinators: Dr. Bhuvaneshwari Patil

**PRESIDENCY
UNIVERSITY**

Private University Estd. in Karnataka State by Act No. 41 of 2013

Content

- **About Company or Organization**
- **Working domain or the Technology**
- **Objectives of the work**
- **Methodology Used / Course Description**
- **Results (Optional)**
- **Conclusion**

**PRESIDENCY
UNIVERSITY**

Private University Estd. in Karnataka State by Act No. 41 of 2013

About Company or Organization

AI Centre of Excellence (Accelerated by NVIDIA)

- Established by Presidency University in collaboration with NVIDIA
- Provides industry-oriented training in Artificial Intelligence
- Focuses on GPU Computing and High-Performance Computing
- Offers hands-on experience with modern AI technologies
- Encourages project-based learning and research
- Bridges the gap between academics and industry requirements

About Company or Organization

- Collaboration with NVIDIA
- Access to NVIDIA H200 Tensor Core GPUs
- Industry-standard AI development environment
- Expert mentorship from AI professionals
- Practical learning through coding workshops
- Capstone project development
- Technical presentations and assessments
- Focus on real-world AI applications

**PRESIDENCY
UNIVERSITY**

Private University Estd. in Karnataka State by Act No. 41 of 2013

Working domain or the technology

Working Domain:

Artificial Intelligence & GPU Computing

Technologies Covered

- Machine Learning
- Deep Learning
- Accelerated Scikit-Learn
- PyTorch
- Convolutional Neural Networks (CNN)

**PRESIDENCY
UNIVERSITY**

Private University Estd. in Karnataka State by Act No. 41 of 2013

- Transformer Architecture
- Large Language Models (LLMs)
- Hugging Face
- LoRA & PEFT
- Stable Diffusion XL
- NVIDIA Nsight
- Mixed Precision Training
- FlashAttention
- Tensor Parallelism

**PRESIDENCY
UNIVERSITY**

Private University Estd. in Karnataka State by Act No. 41 of 2013

Objectives of the work

- Understand AI and Machine Learning concepts
- Learn GPU-accelerated computing
- Develop Deep Learning models using PyTorch
- Explore Large Language Models (LLMs)
- Gain experience with Generative AI
- Build practical AI applications
- Improve coding and problem-solving skills
- Enhance technical presentation and documentation skills

Methodology Used

Learning Methodology - Week 1

- Orientation and environment setup
- Introduction to Machine Learning
- GPU-Accelerated Scikit-Learn
- Neural Networks fundamentals
- PyTorch programming
- Convolutional Neural Networks (CNN)
- GPU profiling using NVIDIA Nsight
- Hands-on coding exercises

Advanced Learning - Week 2

- Transformer Architecture
- Large Language Models (LLMs)
- LoRA Fine-Tuning
- PEFT using Hugging Face
- Stable Diffusion XL
- GPU Optimization
- FlashAttention
- Mixed Precision Training

**PRESIDENCY
UNIVERSITY**

Private University Estd. in Karnataka State by Act No. 41 of 2013

- Tensor Parallelism
- Capstone Project Development

Course Description

- Attended instructor-led technical sessions
- Participated in guided coding workshops
- Performed GPU laboratory exercises
- Implemented AI models using PyTorch
- Learned GPU optimization techniques

**PRESIDENCY
UNIVERSITY**

Private University Estd. in Karnataka State by Act No. 41 of 2013

- Worked on a capstone project
- Prepared technical documentation
- Delivered the final project presentation

Results

- **Internship Outcomes**
 - Strengthened understanding of Artificial Intelligence
 - Gained practical experience in GPU Computing
 - Learned industry-standard AI frameworks

- Improved programming and debugging skills
- Explored Generative AI and LLMs
- Enhanced teamwork and communication skills
- Successfully completed project work and assessments

**PRESIDENCY
UNIVERSITY**

Private University Estd. in Karnataka State by Act No. 41 of 2013

Conclusion

- The AI GPU Summer Internship provided valuable practical exposure to Artificial Intelligence and GPU Computing. The combination of theoretical learning, hands-on laboratory sessions, and project-based activities helped me strengthen my technical skills and understand real-world AI development. This internship enhanced my

**PRESIDENCY
UNIVERSITY**

Private University Estd. in Karnataka State by Act No. 41 of 2013

confidence in working with modern AI technologies and has motivated me to continue learning in this field.

**PRESIDENCY
UNIVERSITY**

Private University Estd. in Karnataka State by Act No. 41 of 2013

Q&A

Thank you !!
